RESPONSE UNDER 37 C.F.R. § 1.111 Attorney Docket No.: Q96438

Application No.: 10/588,901

**REMARKS** 

Preliminarily, Applicants respectfully request that the Examiner acknowledge Applicants' claim to priority and receipt of the certified copies of the priority documents from the

International Bureau in the next communication from the PTO.

With respect to the provisional obviousness-type double patenting rejection, Applicants

note that the co-pending application is abandoned, and thus withdrawal of the provisional

rejection is respectfully requested.

As to the art rejections, Applicants submit that the wrong claims were examined, because

in the Article 19 Amendment which is listed in the Notice of Acceptance, claim 3 was canceled

and claim 1 was amended to include an additional feature, but in the Office Action, claim 3 has

been rejected and the additional feature in claim 1 has not been discussed. Therefore, Applicants

respectfully request a new office action relating to the claims set forth in the Article 19

Amendment.

In view of the above, reconsideration and allowance of this application are now believed

to be in order, and such actions are hereby solicited. If any points remain in issue which the

Examiner feels may be best resolved through a personal or telephone interview, the Examiner is

kindly requested to contact the undersigned at the telephone number listed below.
